

Protocol Corona measures Dudok Architecturecentre

From 1 June, we will again be open for Guided Tours and Exhibitions

The Dudok Architecture Center is open again from Whit Monday, 1 June. We then be re-starting our guided tours of the Town Hall, for small groups. On the days we are open you can also visit our permanent and temporary exhibitions. Naturally, we take everyone's safety very seriously and comply therefore with the guidelines set by the National Government, the RIVM, the Museum Association and the Heritage Platform Protocol: Monuments.

Buy tickets online

Before your visit, you can purchase your ticket(s) via our website. We provide guided tours for small groups (maximum 10 people per group) so that we can guarantee all participants are able to keep a 1.5 meter distance from the guide in all areas.

Health check

If you have health problems, please stay at home. You are welcome if you and everyone you live with have been free of any health issues for at least 24 hours.

1.5-metre rule

A route has been mapped out at the Architecture Center to ensure that visitors to the exhibition have sufficient space to facilitate a safe visit, it is often one-way.

A distance of one and a half meters from each other can also be maintained during the tour. Please follow the guide's directions

Extra cleaning

In the Exhibition Areas, as well as all the various rooms in the Town Hall, extra cleaning has been taking place on surfaces such as door handles and banisters. For your own safety, and that of others, we kindly request that when possible you avoid touching surfaces. Hand sanitisers are available at various points during the tour as well as in the Exhibition areas.
